

PRECIMEASURE CONTROLS PVT. LTD.

ENVIRONMENT POLICY

- ❖ We at PMCPL are committed to protecting the environment and promoting sustainability in all our operations. Our Environmental Policy provides a framework to manage our environmental impacts, ensure compliance with relevant legislation and regulations, and continuously improve our environmental performance.
- ❖ By considering the following points on priority basis
- ❖ Minimize waste generation, pollution, and emissions through efficient resource management.
- ❖ Promote the use of eco-friendly materials and sustainable practices across all operations.
- ❖ We will identify, assess, and manage environmental aspects to minimize our impact on air, water, and land.
- ❖ We commit to reducing waste, conserving resources, and preventing pollution through effective control measures.
- ❖ Identify, assess, and control environmental risks to prevent environmental incidents.
- ❖ Setting, reviewing, and updating environmental objectives and targets to drive performance improvement.
- ❖ Providing necessary training to employees to promote environmental responsibility.
- ❖ Promoting energy and water efficiency, reducing emissions, and seeking sustainable material sourcing.
- ❖ Ensuring compliance with applicable environmental laws, regulations, and other relevant requirements.
